Respected HR,

I am writing in regards to applying for an internship program at your company. Based on my research on the company, I believe my interest, skills and abilities align strongly with your company goals and would make a great fit to your team.

I am a sophomore in Computer Science Engineering, majoring in Artificial Intelligence & Data Science at Reva University. I intend to start interning as soon as Summer 2024.

I have a strong interest in Machine Learning & Deep Learning formulation and I look forward to hands-on work experience as well as communicating & learning with those who share the same interest in the field. I am also aiming for a long-term position at your company after graduation.

I have attached my resume for your review and look forward to further discussing opportunities with you. If you have any questions or would like to schedule for an interview, please contact me via email - rohannair2939@gmail.com,

Do find my Resume attached here
